Re: HVAC Lead Technician

Dear Hiring Manager,

I am applying for the HVAC Lead Technician position. My experience includes commercial and residential HVAC service, equipment diagnostics, and preventive maintenance.

At Ridgeway Mechanical, I lead a two-person service crew, train apprentices, and document completed work orders. I hold EPA 608 Universal and OSHA 30 credentials.

I welcome the opportunity to discuss how my hands-on service experience can support your team.

Sincerely,

Marcus Reed
