

Jordan Taylor

HVAC & Facilities Maintenance Technician
Atlanta, GA | (404) 555-0142 | jordan.taylor@example.com

PROFESSIONAL SUMMARY

EPA 608 Universal-certified HVAC and facilities maintenance professional with 10+ years of experience supporting commercial and multifamily properties. Skilled in preventive maintenance, electrical troubleshooting, refrigerant diagnostics, work-order execution, and team leadership.

CERTIFICATIONS & LICENSES

- EPA Section 608 Universal
- OSHA 10-Hour Construction

CORE SKILLS

3–15 ton split systems • 24V control circuits • Preventive maintenance • Electrical troubleshooting • Brazing and refrigerant handling • CMMS work orders • Team leadership • Safety compliance

WORK EXPERIENCE

Maintenance Supervisor | 2022 – Present

Sample Property Group – Atlanta, GA

- Lead a five-person maintenance team supporting HVAC, electrical, plumbing, preventive maintenance, inspections, and apartment turnovers.
- Complete and coordinate 25–30 weekly work orders in a CMMS while prioritizing resident-impacting and life-safety issues.
- Diagnose and repair 3–15 ton split systems, including capacitors, contactors, transformers, control boards, motors, and 24V control circuits.
- Coordinate vendors, document repairs, and verify completed work against property standards and operational priorities.

HVAC Service Technician | 2017 – 2022

Sample Mechanical Services – Atlanta, GA

- Performed system diagnostics, refrigerant charging, brazing, component replacement, coil cleaning, and full equipment changeouts.
- Read wiring diagrams and used multimeters, manifold gauges, vacuum pumps, recovery equipment, and leak-detection tools to isolate faults.

EDUCATION & TRAINING

HVAC Technical Certificate

Sample Technical College – Georgia
